As The General Manager of The Architects Golf Club, I am proud to present our Membership Packages for 2012. Conveniently located off of Interstate 78 in the plush meadows of Western New Jersey, The Architects Golf Club offers a visually challenging, but eminently pleasing golf course. Whether you are an avid recreational golfer, a golfing family or one who uses golf for business purposes, The Architects Club has the perfect membership for you. From our beautifully manicured golf course, to excellent staff, and the exquisite Thyme Restaurant, there is something at The Architects Golf Club to excite every golfer.

The Architects Golf Club is a 6863-yard par 71 gem, created to pay tribute to great designers in the world of Golf. Golf Course architects Stephen Kay and Golf Digest Architectural Editor Ron Whitten handpicked the premier architects from 1885 and 1955; seventy years of great design. Kay, Whitten and lead shaper Dennis Turco utilized shapes of tees, contours of greens, bunkering and strategic hole layouts to pattern the style of each architect. Our history lesson begins with Old Tom Morris, who designed such treasures as Carnoustie and Muirfield in Scotland and the New Course and Jubilee at St. Andrews. The second hole reflects C.B. Macdonald, the founding father of American golf course architecture, who laid out America's first 18-holes of golf. Macdonald designed The Chicago Golf Club in 1895 and later created the masterpiece known as National Golf Links of America on Long Island, New York. In addition The Architects Golf Club features holes patterned after other great names including A.W. Tillinghast, Donald Ross and Alister Mackenzie to name a few. The final chapter was reserved for Robert Trent Jones Sr., commonly regarded as the most influential architect in the history of golf.

Lawrence and Dennis Turco, owners and operators of Turco Golf Inc., helped make The Architects Golf Club dream a reality, building the club from the ground up and making it the regions best semi-private facility. In 2007 The Architects Golf Club added a state of the art sixteen thousand square foot clubhouse. Designed to enhance your membership, the clubhouse features men's and ladies' locker rooms, a lounge exclusive to members and their guests, various member tournaments, and a fully stocked pro shop. Our practice range features 30,000 square feet of grass tees, a practice fairway bunker and greenside chipping bunker and numerous instructional options. Your membership at The Architects Golf Club affords you unlimited access to our practice facilities. Thyme Restaurant and Bar offers a fresh, crisp and upscale dining experience with indoor and outdoor seating and panoramic views of the course. For your added convenience, the clubhouse offers Wi-Fi internet access. As a member, you will be able to book your next social or business event at **your** club. From large groups to small business meetings, the clubhouse has a room that is just right for your event.

Please contact me at 908-213-3080 for information on membership at The Architects Golf Club or visit us at www.thearchitectsclub.com.

Sincerely,

David Eichner
General Manager
